Part I: Compliance with Malaysian Financial Reporting Standard (“MFRS”) 134

a) *Accounting Policies and Methods of Computation*

The interim financial report is unaudited and has been prepared in accordance with MFRS 134 “Interim Financial Reporting” and paragraph 9.22 of Bursa Malaysia Securities Berhad (“Bursa Securities”) Listing Requirements. The financial information for the nine months ended 30 September 2013 have been reviewed by the Company’s auditors in accordance with the International Standards on Review Engagements (“ISRE”) 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2012. The accounting policies and methods of computation adopted for the interim financial report are consistent with those adopted for the annual audited financial statements for the financial year ended 31 December 2012 except for the adoption of new standards, amendments to published standards and interpretations that are applicable to the Group for the financial period beginning 1 January 2013.

The adoption of these new standards, amendments to published standards and interpretations do not have a material impact on the interim financial information of the Group, some of which are as set out below:

i) MFRS 11 "Joint arrangement"

The standard requires a party to a joint arrangement to determine the type of joint arrangement in which it is involved by assessing its rights and obligations arising from the arrangement, rather than its legal form. There are two types of joint arrangement: joint operations and joint ventures. Joint operations arise where a joint operator has rights to the assets and obligations relating to the arrangement and hence accounts for its interest in assets, liabilities, revenue and expenses. Joint ventures arise where the joint operator has rights to the net assets of the arrangement and hence equity accounts for its interest.

The adoption of MFRS 11 has no financial impact on the results of the Group other than the classification of the jointly controlled entities currently held by the Group as joint ventures.

ii) Amendment to MFRS 101 "Presentation of items of other comprehensive income"

The amendment requires entities to separate items presented in 'other comprehensive income' in the statement of comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future. There is no financial impact on the results of the Group as these changes affect presentation only.

b) *Seasonal or Cyclical Factors*

The business operations of the Group’s leisure and hospitality division are subject to seasonal fluctuations. The results are affected by major festive seasons and holidays.

c) *Unusual Items Affecting Assets, Liabilities, Equity, Net Income or Cash Flows*

There were no unusual items affecting the assets, liabilities, equity, net income or cash flows of the Group for the nine months ended 30 September 2013.

d) *Material Changes in Estimates*

There were no material changes in estimates of amounts reported in prior financial years.

During the nine months ended 30 September 2013, the Company had repurchased 500,000 ordinary shares of 10 sen each of its issued share capital from the open market for a consideration of approximately RM1,977,000. The repurchased transactions were financed by internally generated funds. The repurchased shares are held as treasury shares in accordance with the requirements of Section 67A (as amended) of the Companies Act, 1965.

There were no other issuance, cancellation, repurchase, resale or repayments of debts or equity securities for the nine months ended 30 September 2013.

g) Segment Information

The segments are reported in a manner that is consistent with the internal reporting provided to the chief operating decision maker. The performance of the operating segments is based on a measure of adjusted earnings before interest, tax, depreciation and amortisation (EBITDA). This measurement basis excludes the effects of non-recurring items from the reporting segments, such as fair value gains and losses, impairment losses, pre-operating expenses, gain or loss on disposal of assets and assets written off.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (that is, unobservable inputs).

As at 30 September 2013, the Group's financial instruments measured and recognised at fair value on a recurring basis are as follows:

	Level 1 RM'000	Level 2 RM'000	Level 3 RM'000	Total RM'000
Financial assets				
Financial assets at fair value through profit or loss	3,821	-	-	3,821

	<u>1,857,101</u>	<u>573,842</u>	<u>3,302</u>	<u>2,434,245</u>

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared with the last financial year ended 31 December 2012.

1) Review of Performance (Cont'd)

a) Quarter ended 30 September 2013 ("3Q 2013") compared with quarter ended 30 September 2012 ("3Q 2012")

The Group's revenue in 3Q 2013 was RM2,120.9 million, which was an increase of 9% compared with RM1,943.1 million in 3Q 2012.

The higher revenue was mainly attributable to:

1. higher revenue from the leisure and hospitality business in Malaysia by RM30.7 million, mainly contributed by higher hold percentage offset by lower volume of business in the premium players business;
2. higher revenue from the casino business in United Kingdom ("UK") by RM120.3 million mainly contributed by higher volume of business and higher hold percentage of its London casino operations; and
3. higher revenue from the leisure and hospitality business in United States of America ("US") by RM35.6 million, contributed by higher volume of business from the operations of Resorts World Casino New York City ("RWNYC") and the commencement of operations at Resorts World Bimini in Bahamas ("Bimini operations") on 28 June 2013.

The Group's adjusted EBITDA in 3Q 2013 was RM591.0 million compared with RM591.7 million in 3Q 2012. The marginal decrease in the adjusted EBITDA was mainly attributable to:

1. leisure and hospitality business in Malaysia which registered an adjusted EBITDA of RM478.0 million compared with RM525.1 million in 3Q 2012. The lower adjusted EBITDA margin of 33% (3Q 2012: 37%) was mainly due to higher costs relating to premium players business, payroll and other operating costs; and
2. leisure and hospitality business in the US which registered an adjusted EBITDA of RM41.1 million compared with RM61.5 million in 3Q 2012. The lower adjusted EBITDA was mainly due to commencement of Bimini operations which contributed a loss before interest, tax, depreciation and amortisation of RM50.4 million mitigated by higher volume of business from RWNYC operations; mitigated by
3. casino business in the UK which registered an adjusted EBITDA of RM40.5 million compared with an adjusted loss before interest, tax, depreciation and amortisation of RM13.8 million in 3Q 2012. The higher adjusted EBITDA was mainly due to higher revenue.

The Group's profit before taxation of RM365.6 million in 3Q 2013 was higher by 30% compared with RM281.3 million in 3Q 2012. The higher profit before taxation was mainly due to:

2. reversal of previously recognised impairment losses on certain of the Group's assets of RM11.1 million in 3Q 2013; offset by
3. higher assets written off by RM33.7 million mainly due to the closure of the outdoor theme park at Resorts World Genting in September 2013.

b) Financial period for the nine months ended 30 September 2013 ("YTD 3Q 2013") compared with nine months ended 30 September 2012 ("YTD 3Q 2012")

The Group's revenue in YTD 3Q 2013 was RM6,207.4 million, an increase of 4% compared with RM5,966.4 million in YTD 3Q 2012.

The higher revenue was mainly attributable to:

1. higher revenue from the leisure and hospitality business in Malaysia by RM127.9 million or 3%. The increase was mainly due to overall higher volume of business and higher hold percentage in the premium players business;
2. higher revenue from the leisure and hospitality business in the UK by RM77.2 million, mainly due to higher volume of business of its London casino operations despite a lower hold percentage; and
3. higher revenue from the leisure and hospitality business in the US by RM55.1 million, mainly contributed by higher volume of business from the operations of RWNYC and the commencement of Bimini operations.

3) *Prospects*

Growth in the global economy is likely to continue its positive momentum, supported by improving indicators especially from the US. The regional gaming sector in Macau and Singapore had registered robust growth in revenues and visitations. The Visit Malaysia Year 2014 initiative in the country will augur well in boosting tourism arrivals and receipts.

The Group is positive on the longer term outlook for the leisure and hospitality industry.

In Malaysia, the Group has embarked on an expansion plan to increase its hotel capacity and upgrade its outdoor theme park to a world class attraction. With the closure of the outdoor theme park, the Group is introducing new indoor activities, attractions and events to boost visitations. In the meantime, marketing strategies have been put in place to grow the mid and premium segments of the business. The Group remains focused on yield management strategies and further enhancing operational efficiencies.

In the UK, the Group is encouraged by the performance of its casinos despite the tentative nature of a general economic recovery. The Group will continue to build on the premium players business for its London casinos and enhance the quality of its property offerings to its discerning customers. For casinos outside London, the emphasis remains on growing market share. The development of Resorts World Birmingham is on track and the Group looks forward to its opening in 2015.

In the US, RWNYC continued to achieve a commendable performance. Accessibility to RWNYC has improved given the openings of the Aqueduct Racetrack subway station and a dedicated connecting bridge walkway to the resort. These are expected to enhance visitations to the resort. In the Bahamas, Resorts World Bimini has officially opened. The Group is focused on stabilising operations and expects to launch its new luxury hotel in 2014.

**GENTING MALAYSIA BERHAD ANNOUNCES RESULTS FOR THE
THIRD QUARTER ENDED 28 NOVEMBER 2013**

KUALA LUMPUR, 28 Nov 2013 – Genting Malaysia Berhad (“Genting Malaysia” or the “Group”) today announced its financial results for the third quarter (“3Q13”) ended 30 September 2013.

The Group recorded a total revenue of RM2,120.9 million in 3Q13, an increase of 9% compared to RM1,943.1 million in the preceding year (“3Q12”). The Malaysian leisure and hospitality business grew 2% to RM1,433.9 million, assisted by a higher hold percentage despite a lower volume of business in the premium players business. Revenue from the United Kingdom (“UK”) operations grew 42% to RM407.0 million, arising from higher volumes of business and hold percentage at the London casinos. The leisure and hospitality business in the United States of America (“US”) generated a 17% growth in revenue to RM250.2 million, contributed by higher volumes of business from the Resorts World Casino New York City (“RWNYC”) operations and the commencement of operations at Resorts World Bimini (“Bimini”) in the Bahamas.

The Group’s adjusted Earnings before Interest, Taxation, Depreciation and Amortisation (“EBITDA”) for 3Q13 was RM591.0 million versus RM591.7 million in 3Q12. Higher contributions from the Group’s UK operations were offset by lower adjusted EBITDA in Malaysia and US. In Malaysia, the lower adjusted EBITDA recorded were mainly attributable to higher costs relating to premium players business, payroll and other operating costs, whilst the US operations registered a lower adjusted EBITDA of RM41.1 million despite achieving a higher volume of business at the RWNYC operations. This was due to start-up expenses associated with the commencement of the Bimini operations which gave rise to a loss before interest, tax, depreciation and amortization of RM50.4 million. The UK operations contributed higher adjusted EBITDA of RM40.5 million.

The Group’s profit before taxation (“PBT”) for 3Q13 increased 30% to RM365.6 million compared to RM281.3 million in 3Q12. This was achieved mainly due to lower impairment losses by RM138.9 million in respect of the Group’s UK and US operations, reversal of RM11.1 million impairment losses but offset by higher assets written off by RM33.7 million arising from the closure of the outdoor theme park in Malaysia.

The Group achieved a total revenue of RM6,207.4 million for the nine months ended 30 September 2013 (“YTD 3Q13”), representing a 4% increase compared to the same period last year. The Malaysian operations benefited from higher hold percentage and volume of business in the premium players business, achieving a 3% increase in revenue. The US operations achieved 8% higher revenue mainly due to higher volume of business from the operations of RWNYC and the commencement of the Bimini operations. Despite a lower hold percentage, revenue from the UK operations grew 7%, contributed by higher volume of business in the London casinos.

The Group's adjusted EBITDA for YTD 3Q13 was RM1,828.9 million versus RM1,871.9 million in YTD 3Q12. The Malaysian operations incurred higher payroll costs, contributions in support of the Group's social responsibility efforts and other operating costs. The UK operations incurred higher bad debts written off. The lower adjusted EBITDAs recorded in Malaysia and UK were mitigated by higher adjusted EBITDA from the US business. The higher adjusted EBITDA in the US was principally contributed by higher revenue and lower operating expenses of RWNYC operations and the non-recurrence of construction loss in respect of the development of RWNYC incurred in YTD 3Q12 amounting to RM48.2 million, but offset by the losses relating to the commencement of the Bimini operations.

The Group achieved a PBT for YTD 3Q13 of RM1,328.4 million compared with RM1,298.3 million in the same period last year. The marginally higher profit was mainly due to lower impairment losses by RM143.9 million on the Group's overseas assets, reversal of previously recognized impairment losses on certain assets, lower adjusted EBITDAs in Malaysia and UK mitigated by higher contributions from the US operations and higher assets written off by RM34.3 million due to the closure of the outdoor theme park in Malaysia.

Growth in the global economy is likely to continue its positive momentum, supported by improving indicators especially from the US. The regional gaming sector in Macau and Singapore had registered robust growth in revenues and visitations. The Visit Malaysia Year 2014 initiative in the country will augur well in boosting tourism arrivals and receipts.

The Group is positive on the longer term outlook for the leisure and hospitality industry.

In Malaysia, the Group has embarked on an expansion plan to increase its hotel capacity and upgrade its outdoor theme park to a world class attraction. With the closure of the outdoor theme park, the Group is introducing new indoor activities, attractions and events to boost visitations. In the meantime, marketing strategies have been put in place to grow the mid and premium segments of the business. The Group remains focused on yield management strategies and further enhancing operational efficiencies.

In the UK, the Group is encouraged by the performance of its casinos despite the tentative nature of a general economic recovery. The Group will continue to build on the premium players business for its London casinos and enhance the quality of its property offerings to its discerning customers. For casinos outside London, the emphasis remains on growing market share. The development of Resorts World Birmingham is on track and the Group looks forward to its opening in 2015.

In the US, RWNYC continued to achieve a commendable performance. Accessibility to RWNYC has improved given the openings of the Aqueduct Racetrack subway station and a dedicated connecting bridge walkway to the resort. These are expected to enhance visitations to the resort. In the Bahamas, Resorts World Bimini has officially opened. The Group is focused on stabilising operations and expects to launch its new luxury hotel in 2014.
