**n) Fair Value of Financial Instruments**

The Group uses the following hierarchy for determining the fair value of all financial instruments carried at fair value:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (that is, unobservable inputs).

As at 31 December 2014, the Group's financial instruments measured and recognised at fair value on a recurring basis are as follows:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
	<b>RM'000</b>	<b>RM'000</b>	<b>RM'000</b>	<b>RM'000</b>

	<u>1,750,516</u>	<u>760,236</u>	<u>1,720</u>	<u>2,512,472</u>

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared with the last financial year ended 31 December 2013.

## 1) Review of Performance (Cont'd)

### a) Quarter ended 31 December 2014 ("4Q 2014") compared with quarter ended 31 December 2013 ("4Q 2013")

The Group's revenue in 4Q 2014 was RM2,057.9 million, a decrease of 3% compared with RM2,120.1 million in 4Q 2013.

The lower revenue was mainly attributable to:

1. lower revenue from the casino business in United Kingdom ("UK") by RM69.2 million, mainly due to a lower hold percentage of its International Markets although overall volume of business was higher; and
2. lower revenue from the leisure and hospitality business in Malaysia by RM22.7 million, mainly due to a lower hold percentage in the premium players business despite overall higher volume of business; mitigated by
3. higher revenue from the leisure and hospitality business in United States of America ("US") and Bahamas by RM27.4 million mainly contributed by higher volume of business from the operations of Resorts World Casino New York City ("RWNYC") and Resorts World Bimini in Bahamas ("Bimini operations").

The Group's adjusted EBITDA in 4Q 2014 was RM605.9 million compared with RM584.2 million in 4Q 2013. The higher adjusted EBITDA was mainly attributable to:

1. casino business in the UK which reported a slightly higher adjusted EBITDA by RM3.8 million mainly due to higher bad debt recovery although lower revenue was recorded in 4Q 2014; offset by
2. leisure and hospitality business in Malaysia which reported a lower adjusted EBITDA of RM497.1 million compared with RM544.8 million in 4Q 2013. The adjusted EBITDA margin was 35% as compared to 38% in 4Q 2013 mainly due to lower revenue and higher costs relating to premium players business; and
3. leisure and hospitality business in the US and Bahamas which reported a higher adjusted loss before interest, tax, depreciation and amortisation ("LBITDA") by RM4.0 million mainly due to higher payroll and related costs for RWNYC in 4Q 2014 mitigated by lower LBITDA from Bimini operations.

The Group's profit before taxation of RM368.4 million in 4Q 2014 was lower by 16% compared with RM438.1 million in 4Q 2013. The lower profit before taxation was mainly due to:

1. project costs written off of RM55.5 million due to the unsuccessful application of the licenses in New York State;
2. higher assets written off by RM27.3 million mainly in relation to the upgrading and expansion works for Genting Integrated Tourism Plan ("GITP") development; and
3. higher pre-operating expenses by RM9.5 million mainly due to expenses incurred for Resorts World Birmingham ("RWB") operations.

### b) Financial year ended 31 December 2014 ("FY 2014") compared with financial year ended 31 December 2013 ("FY 2013")

The Group's revenue in FY 2014 was RM8,229.4 million, a decrease of 1% compared with RM8,327.5 million in FY 2013.

The lower revenue was mainly attributable to:

1. lower revenue from the leisure and hospitality business in Malaysia by RM321.4 million, mainly due to a lower hold percentage in the premium players business although overall volume of business was higher; mitigated by
2. higher revenue from the leisure and hospitality business in the UK by RM108.4 million, mainly due to the favourable foreign exchange movement of GBP against RM; and
3. higher revenue from the leisure and hospitality business in the US and Bahamas by RM58.1 million, mainly contributed by the commencement of Bimini operations in June 2013.

**1) Review of Performance (Cont'd)**

**b) Financial year ended 31 December 2014 ("FY 2014") compared with financial year ended 31 December 2013 ("FY 2013") (Cont'd)**

The Group's adjusted EBITDA in FY 2014 was RM2,247.6 million compared with RM2,428.2 million in FY 2013. The lower adjusted EBITDA was mainly attributable to:

1. lower adjusted EBITDA by RM161.2 million from the leisure and hospitality business in US and Bahamas mainly due to operational challenges of the Bimini operations which contributed a higher adjusted LBITDA by RM115.0 million. RWNYC also recorded a lower adjusted EBITDA mainly due to higher payroll and related costs; and
2. the leisure and hospitality business in Malaysia which reported a lower adjusted EBITDA of RM1,859.8 million compared with RM1,972.2 million in FY 2013. The adjusted EBITDA margin was consistent at 35% mainly due to lower revenue and higher payroll costs mitigated by contributions in support of the Group's social responsibility efforts made in 1Q 2013; mitigated by
3. higher adjusted EBITDA by RM21.8 million from the casino business in the UK mainly due to lower bad debt written off.

The Group's profit before taxation for FY 2014 was lower by RM242.0 million or 14% compared with FY 2013. The lower profit before taxation was mainly due to:

1. lower adjusted EBITDA as mentioned above;
2. project costs written off of RM98.2 million due to the unsuccessful application of the licenses in New York State; and
3. higher depreciation and amortisation charges by RM55.4 million mainly from the Group's operations in UK, US and Bahamas; mitigated by
4. lower pre-operating expenses by RM16.3 million mainly due to lower pre-operating costs incurred for RWB in FY 2014 as compared to higher costs incurred for the start up of Bimini operations in FY 2013.

**2) Material Changes in Profit before Taxation for the Current Quarter ("4Q 2014") compared with the Immediate Preceding Quarter ("3Q 2014")**

Profit before taxation for 4Q 2014 of RM368.4 million was lower by 2% compared to 3Q 2014 of RM374.1 million. The lower profit before taxation was mainly due to:

1. lower adjusted EBITDA by RM49.3 million from the casino business in the UK mainly due to lower revenue mitigated by higher bad debts recovery in 4Q 2014;
2. leisure and hospitality business in US and Bahamas which registered an adjusted LBITDA of RM25.2 million compared with an adjusted EBITDA of RM6.8 million in 3Q 2014 mainly due to higher payroll and related costs for RWNYC; and
3. higher assets written off by RM24.5 million mainly in relation to the upgrading and expansion works for GITP development; mitigated by
4. higher adjusted EBITDA by RM84.5 million from the leisure and hospitality business in Malaysia mainly due to higher revenue offset by higher payroll costs.

### 3) Prospects

Overall, the global economy is expected to expand at a moderate pace amid diverging growth momentum and uncertainties in a number of major economies. Domestically, the economy is expected to remain relatively stable but more challenging amid heightened uncertainties on the external front and domestic headwinds in 2015.

The region's gaming markets continue to experience a slowdown, as evidenced by the numbers reported by the Singapore and Macau gaming operators. However, the outlook for international tourism is likely to remain largely positive with the expected increase in demand for air travel.

The Group remains cautious on the near term outlook of the leisure and hospitality industry, but continues to be positive in the longer term.

In Malaysia, the Group continues to focus on the development of its GTP at RWG. Approximately one third of the 1,300 rooms under the First World Hotel Tower 2A development were opened at the end of 2014, with the remaining rooms to be available by mid 2015. The Group expects the next phases of GTP to open in 2016. Despite the on-going construction works and temporary closure of certain parts of First World Plaza, the Group will remain focused on its core business by improving its yield management systems, marketing capabilities, operational efficiencies and delivery of services. In addition, this year, the GENM Group will introduce special anniversary promotional events and activities to celebrate the 50<sup>th</sup> year of the founding of the Genting Group.

In the UK, the Group is pleased with the growth momentum in its domestic and international markets achieved in 2014. This year, the Group's focus is on innovative strategies in growing its business, gaining market share in the domestic segment and on the successful opening of RWB. RWB will be the first integrated resort in the United Kingdom and is on track to open in the second half of 2015.

In the US, RWNYC continues to be the market leader in terms of gaming revenue in New York State. The Group remains focused on introducing more innovative measures to encourage higher levels of visitations and enlarge its customer database. In the Bahamas, the Group expects visitations to Bimini to increase further this year following the opening of its deep water jetty in 3Q14, along with the targeted opening of its new luxury hotel by mid 2015.

**GENTING MALAYSIA BERHAD ANNOUNCES RESULTS FOR THE  
FOURTH QUARTER ENDED 31 DECEMBER 2014**

**KUALA LUMPUR, 26 February 2015** – Genting Malaysia Berhad (“Genting Malaysia” or the “Group”) today announced its financial results for the fourth quarter ended 31 December 2014 (“4Q14”).

The Group reported a 3% decline in total revenue to RM2,057.9 million in 4Q14 compared to RM2,120.1 million in the preceding year (“4Q13”). Revenue from the Malaysian leisure and hospitality business declined 2% to RM1,421.6 million primarily due to a lower hold percentage in the premium players business despite an overall higher volume of business. The redevelopment works relating to the Genting Integrated Tourism Plan (“GITP”) is on-going at Resorts World Genting (“RWG”). Whilst the visitation numbers have been affected as a result of the redevelopment works, RWG’s core business continues to remain resilient. Revenue from the Group’s United Kingdom (“UK”) operations decreased by 17% to RM342.1 million mainly due to a lower hold percentage in its International Markets division, which cater to the premium players business at four of its London casinos, albeit an overall higher volume of business. The operations in the United States (“US”), which includes Resorts World Bimini (“Bimini”) in the Bahamas, generated a 12% increase in revenue to RM264.4 million. This was mainly contributed by higher volume of business from the operations at Resorts World Casino New York City (“RWNYC”) as well as Bimini.

The Group achieved an adjusted earnings before interest, taxation, depreciation and amortisation (“EBITDA”) of RM605.9 million in 4Q14 compared to RM584.2 million in 4Q13. In Malaysia, the adjusted EBITDA margin was lower at 35% compared to 38% last year as a result of lower revenue and higher costs relating to the premium players business. The decrease in the leisure and hospitality business in the US was due to higher payroll and related costs at RWNYC, mitigated by lower adjusted loss before interest, tax, depreciation and amortisation (“LBITDA”) at Bimini. The UK operations reported a slightly higher adjusted EBITDA as a result of higher bad debt recovery in the quarter despite registering lower revenue.

The Group’s profit before taxation (“PBT”) decreased by 16% to RM368.4 million in 4Q14, arising from the write-off of RM55.5 million project costs in relation to the unsuccessful application of licenses in New York State as well as higher assets write-off by RM27.3 million relating to the GITP development. The Group’s profit after tax (“PAT”) for 4Q14 decreased by 25% mainly due to over provision of prior year’s deferred tax which resulted in a lower tax charge in 4Q13. Excluding the impact of such deferred tax, the Group’s PAT would have decreased by 9%.

Total revenue for the Group in the financial year ended 31 December 2014 (“FY2014”) eased marginally by 1% to RM8,229.4 million. The Malaysian operations saw a 6% decline in revenue to RM5,362.4 million mainly due to a lower hold percentage in the premium players business despite an overall higher volume of business. In the UK and US, both the operations reported an increase in revenue of 7% to RM1,699.8 million and 6% to RM999.9 million respectively. These were attributable to the favourable foreign exchange movement for the UK operations as well as contributions from the commencement of the Bimini operations.

The Group achieved an adjusted EBITDA of RM2,247.6 million in FY2014, 7% lower than in FY2013, primarily due to lower adjusted EBITDA registered by the Malaysian and US operations. The Malaysian operations were mainly affected by lower revenue and higher payroll costs. Higher payroll and related costs at RWNYP and operational challenges at Bimini had also impacted the results of the US operations. These were mitigated by lower bad debt written off in UK.

The Group's PBT for FY2014 decreased by 14% to RM1,524.5 million, mainly due to the Group's lower adjusted EBITDA contributions, project costs written off in relation to the unsuccessful application of licenses in New York State and higher depreciation and amortisation charges. The PAT for FY2014 decreased by 28% mainly due to lower taxes last year as a result of the recognition of deferred tax asset on tax losses in the US. Excluding the impact of such deferred tax, the Group's PAT would have decreased by 14%.

The Board of Directors recommended a final single-tier dividend of 3.5 sen per ordinary share of 10 sen each. If approved, total dividend for FY2014 would amount to 6.5 sen per ordinary share of 10 sen each, comprising an interim single-tier dividend of 3.0 sen per ordinary share of 10 sen each and the proposed final single-tier dividend mentioned above.

Overall, the global economy is expected to expand at a moderate pace amid diverging growth momentum and uncertainties in a number of major economies. Domestically, the economy is expected to remain relatively stable but more challenging amid heightened uncertainties on the external front and domestic headwinds in 2015.

The region's gaming markets continue to experience a slowdown, as evidenced by the numbers reported by the Singapore and Macau gaming operators. However, the outlook for international tourism is likely to remain largely positive with the expected increase in demand for air travel.

The Group remains cautious on the near term outlook of the leisure and hospitality industry, but continues to be positive in the longer term.

In Malaysia, the Group continues to focus on the development of its GTP at RWG. Approximately one third of the 1,300 rooms under the First World Hotel Tower 2A development were opened at the end of 2014, with the remaining rooms to be available by mid 2015. The Group expects the next phases of GTP to open in 2016. Despite the on-going construction works and temporary closure of certain parts of First World Plaza, the Group will remain focused on its core business by improving its yield management systems, marketing capabilities, operational efficiencies and delivery of services. In addition, this year, the GENM Group will introduce special anniversary promotional events and activities to celebrate the 50<sup>th</sup> year of the founding of the Genting Group.

In the UK, the Group is pleased with the growth momentum in its domestic and international markets achieved in 2014. This year, the Group's focus is on innovative strategies in growing its business, gaining market share in the domestic segment and on the successful opening of Resorts World Birmingham ("RWB"). RWB will be the first integrated resort in the United Kingdom and is on track to open in the second half of 2015.

In the US, RWNYP continues to be the market leader in terms of gaming revenue in New York State. The Group remains focused on introducing more innovative measures to encourage higher levels of visitations and enlarge its customer database. In the Bahamas, the Group expects visitations to Bimini to increase further this year following the opening of its deep water jetty in 3Q14, along with the targeted opening of its new luxury hotel by mid 2015.
