Question 4: Who is the Administrator of my Ariba Account

Step 2: For any changes required, please refer to your Account Administrator

Contact Your Account Administrator

The account administrator role is assigned to the individual at your organization who is responsible for setting configuration options, managing customer relationships, subscribing to services, and maintaining the account over time. The account administrator also serves as your primary point of contact if you need help resetting your password, changing your permissions, or if you have any other questions or problems.
