1) Review of Performance (Cont'd)

a) Quarter ended 30 June 2022 ("2Q 2022") compared with quarter ended 30 June 2021 ("2Q 2021")

The Group's revenue in 2Q 2022 was RM2,175.6 million, almost three times of the level reported in 2Q 2021. The increase in revenue for this quarter was mainly due to:

- higher revenue from the leisure and hospitality business in Malaysia by RM1,072.4 million or more than five times of the level reported in 2Q 2021, mainly due to higher business volume from the gaming and non-gaming segments following the further lifting of Coronavirus Disease 2019 (COVID-19) related restrictions and the reopening of national borders since 1 April 2022. The opening of Genting SkyWorlds in February 2022 has also contributed to an increase in the non-gaming revenue during 2Q 2022. Revenue for 2Q 2021 was impacted by the temporary closure of Resorts World Genting ("RWG") since 1 June 2021 until 29 September 2021, coupled with imposition of travel restrictions across the country caused by the adverse impact of COVID-19 pandemic during the period when it was opened;
- 2. higher revenue from the leisure and hospitality businesses in the United Kingdom ("UK") and Egypt by RM195.9 million from RM185.3 million to RM381.2 million, mainly due to higher volume of business from its land-based casinos following their re-opening since mid-May 2021; and
- 3. higher revenue from the leisure and hospitality businesses in the United States of America ("US") and Bahamas by RM64.3 million or 18%, largely due to higher contribution from non-gaming revenue following the opening of Hyatt Regency JFK Airport at Resorts World New York and an improved performance from Hilton Miami Downtown.

The Group reported adjusted EBITDA of RM619.5 million as compared with RM45.6 million in 2Q 2021, mainly due to:

- 1. adjusted EBITDA of RM459.1 million from the leisure and hospitality business in Malaysia compared with an adjusted LBITDA of RM94.2 million in 2Q 2021, mainly due to the higher revenue. The adjusted EBITDA margin for 2Q 2022 was recorded at 35%; and
- higher adjusted EBITDA by RM67.0 million from the leisure and hospitality businesses in the UK and Egypt from RM14.3 million in 2Q 2021 to RM81.3 million in 2Q 2022. This was primarily due to higher revenue offset by higher payroll and related costs following the resumption of its operations since mid-May 2021.

The Group reported profit before taxation of RM50.6 million in 2Q 2022 compared with loss before taxation of RM371.0 million in 2Q 2021, mainly due to:

- 1. higher adjusted EBITDA as mentioned above; offset by
- 2. recognition of a gain on disposal of a subsidiary, PLM Properties (UK) Pte. Ltd., an owner of a hotel and adjoining residential apartments in London of RM64.3 million in 2Q 2021; and
- 3. impairment loss of RM66.8 million on the assets of Resorts World Bimini in 2Q 2022.

1) Review of Performance (Cont'd)

b) Financial period for the six months ended 30 June 2022 ("1H 2022") compared with six months ended 30 June 2021 ("1H 2021")

The Group's revenue in 1H 2022 was RM3,896.9 million, almost three times of the level reported in 1H 2021. The increase in revenue was mainly due to:

- higher revenue from the leisure and hospitality business in Malaysia by RM1,693.4 million or more than four times of the level reported in 1H 2021, mainly due to higher business volume from the gaming and non-gaming segments following further relaxation of COVID-19 restrictions and the reopening of national borders since 1 April 2022. Revenue for 1H 2021 was impacted by the temporary closure of RWG for approximately 2 months and the implementation of strict travel restrictions nationwide during this period when it was opened;
- higher revenue from the leisure and hospitality businesses in the UK and Egypt by RM551.0 million mainly due to higher volume of business from its land-based casinos following their re-opening since mid-May 2021. Revenue for 1H 2021 was impacted by temporary closure of land-based casinos from early January to mid-May 2021 amid a national lockdown in response to the outbreak of COVID-19; and
- higher revenue from the leisure and hospitality businesses in the US and Bahamas by RM165.9 million or 27%, primarily due to strong operating performance from Resorts World New York City ("RWNYC") since the full lifting of COVID-19 restrictions in June 2021 and an improved performance from Hilton Miami Downtown.

The Group reported adjusted EBITDA of RM1,033.9 million in 1H 2022 as compared to adjusted LBITDA of RM64.8 million in 1H 2021, mainly due to:

- 1. adjusted EBITDA of RM722.0 million from the leisure and hospitality business in Malaysia compared with an adjusted LBITDA of RM177.8 million in 1H 2021, mainly due to the higher revenue; and
- adjusted EBITDA of RM166.0 million from the leisure and hospitality businesses in the UK and Egypt compared with an adjusted LBITDA of RM37.4 million in 1H 2021. This was primarily due to higher revenue offset by higher payroll and related costs following the resumption of its operations since mid-May 2021.

The Group reported loss before taxation of RM65.5 million in 1H 2022 compared with RM930.7 million in 1H 2021, narrowed by 93%, mainly due to:

- 1. higher adjusted EBITDA as mentioned above; offset by
- 2. higher finance costs by RM121.6 million mainly due to finance costs incurred on certain qualifying projects which were completed during the period and are no longer capitalised; and
- 3. impairment loss of RM66.8 million on the assets of Resorts World Bimini in 1H 2022.

2) Material Changes in Profit before Taxation for the Current Quarter ("2Q 2022") compared with Loss before Taxation for the Immediate Preceding Quarter ("1Q 2022")

The Group reported profit before taxation of RM50.6 million compared with loss before taxation of RM116.1 million in 1Q 2022, mainly due to higher adjusted EBITDA from the leisure and hospitality business in Malaysia by RM196.2 million or 75%. Following the reopening of national borders since 1 April 2022 and an increase in operating capacity, RWG recorded higher overall business volume from gaming and non-gaming segments during 2Q 2022, offset by impairment loss of RM66.8 million on the assets of Resorts World Bimini.

3) Prospects

The global economic environment is expected to remain challenging from continued headwinds posed by geopolitical tensions and reduced macroeconomic support amid high inflation. Whilst set against the backdrop of slowing global growth, economic recovery momentum in Malaysia is expected to persist, supported by domestic demand.

3) Prospects (Cont'd)

The recovery in international travel demand is expected to continue alongside the easing or removal of travel restrictions and reopening of markets. However, concerns of a weakening global economy may delay its recovery trajectory.

The Group is cautiously optimistic on the near-term outlook of the leisure and hospitality industry but remains positive in the longer-term.

In Malaysia, the Group will continue to optimise yield contributions by focusing on key business segments and database marketing efforts. Following the lifting of COVID-19 restrictions nationwide and the reopening of national borders, the Group will continue to ramp up operations and capitalise on demand for integrated resort offerings. In addition, the Group will leverage its assets to attract foreign and domestic visitations to RWG to drive revenue growth. Up to three additional rides at Genting SkyWorlds are expected to be commissioned within the fourth quarter of 2022. Investments in targeted events and promotions will also be made to drive leisure traffic at RWG.

In the UK, the Group remains vigilant of the challenges implicit in the current operating environment. Nevertheless, business has continued to recover well, and the Group will keep focusing on strategies to grow its market share in both the core and London segments. These include exploring opportunities to add capacity to the Group's existing offerings to strengthen the resilience of the Group's business. At the same time, emphasis will be placed on improving overall business efficiencies and optimising costs to enhance the Group's operational agility as the Group sustains its recovery momentum.

In the US, the Group remains focused on leveraging synergies between RWNYC and Resorts World Catskills to reinforce its strong local market exposure and maintain its position as the leading gaming operator in the northeast US region. As the Group continues to ramp up operations at RWNYC, the Group will keep driving business volumes through increased direct marketing efforts and promotions. Meanwhile, the development of the Group's new video gaming facility in New York, Resorts World Hudson Valley, is well underway and is targeted to open by the end of the year. In the Bahamas, the further relaxation of COVID-19 related restrictions are expected to boost travel demand into the country. The Group will focus efforts towards capitalising on this pent-up demand by enhancing cross-marketing initiatives, in addition to leveraging partnerships with renowned brands to drive higher visitation to Resorts World Bimini.

GENTING MALAYSIA BERHAD ANNOUNCES RESULTS FOR THE SECOND QUARTER AND HALF YEAR ENDED 30 JUNE 2022

- Group's operations in Malaysia recorded strong recovery momentum, driven by the lifting of COVID-19 related restrictions and reopening of national borders
- Group remains positive on the longer-term outlook of the leisure and hospitality industry

KUALA LUMPUR, 25 August 2022 – Genting Malaysia Berhad (Group) today announced its financial results for the second quarter (2Q22) and half year ended 30 June 2022 (1H22).

In 2Q22, the Group's total revenue had more than doubled to RM2,175.6 million from the same quarter last year (2Q21). The Group also reported adjusted earnings before interest, taxation, depreciation and amortisation (EBITDA) of RM619.5 million as compared to adjusted EBITDA of RM45.6 million in 2Q21. Additionally, the Group registered profit before taxation of RM50.6 million as compared to a loss before taxation of RM371.0 million in 2Q21. Net loss narrowed by 88% to RM42.3 million.

In 1H22, the Group recorded total revenue of RM3,896.9 million, nearly three times of the level reported in the same period last year (1H21). Adjusted EBITDA improved to RM1,033.9 million, as compared to an adjusted loss before interest, taxation, depreciation and amortisation (LBITDA) of RM64.8 million in 1H21. Taking into account depreciation and amortisation, finance costs and the Group's share of results in an associate, the Group reported a loss before taxation of RM65.5 million, a 93% improvement from 1H21, while net loss narrowed by 78% to RM190.1 million.

2Q22 Results

The Group's leisure and hospitality operations in Malaysia registered revenue of RM1,310.3 million, more than five times of the level recorded in 2Q21. The Group also reported adjusted EBITDA of RM459.1 million as compared to adjusted LBITDA of RM94.2 million in the same period last year. These improvements were predominantly due to overall higher volume of business registered at Resorts World Genting (RWG) following the further lifting of Coronavirus Disease 2019 (COVID-19) related restrictions and reopening of national borders in Malaysia since 1 April 2022. Moreover, the opening of Genting SkyWorlds in February 2022 had contributed to higher non-gaming revenue in 2Q22. In contrast, the Group's performance in 2Q21 was severely impacted by the imposition of strict travel restrictions nationwide amid the COVID-19 pandemic, in addition to the temporary closure of RWG from 1 June 2021 until 29 September 2021. The Group achieved adjusted EBITDA margin of 35% in 2Q22.

In the United Kingdom (UK) and Egypt, revenue from the Group's leisure and hospitality business more than doubled to RM381.2 million. The Group also recorded adjusted EBITDA of RM81.3 million, more than five times of the level registered in 2Q21. The recovery in revenue and earnings was mainly attributable to the higher volume of business registered at the Group's land-based casinos in the UK, as the Group's operations in 2Q21 was impacted by the temporary closure of its businesses. Following the resumption of its UK operations since mid-May 2021, the Group incurred higher payroll and related expenses in 2Q22 as compared to the same period last year.

In the United States of America (US) and Bahamas, the Group reported an 18% improvement in revenue to RM417.2 million while adjusted EBITDA grew by 12% to RM122.9 million. These were largely driven by higher contributions from the Group's non-gaming segment at Resorts World New York City (RWNYC) following the launch of the new Hyatt Regency JFK Airport at Resorts World New York hotel in August last year. Additionally, the Group's Hilton Miami Downtown hotel in Miami had registered improved performance with higher volume of business.

Meanwhile, the strong operating trends reported by the Group's associate company, Empire Resorts, Inc. (Empire) had continued during the period, with gross gaming revenue at Resorts World Catskills (RW Catskills) exceeding pre-pandemic levels.

1H22 Results

The Group's leisure and hospitality business in Malaysia recorded revenue of RM2,230.3 million, more than four times of the level reported in 1H21. The Group also registered adjusted EBITDA of RM722.0 million as compared to adjusted LBITDA of RM177.8 million in the same period last year. The increase in revenue and adjusted EBITDA was mainly driven by overall higher volume of business reported at RWG following further relaxation of COVID-19 restrictions in the country and the reopening of national borders since 1 April 2022. In contrast, the operating performance of RWG in 1H21 was impacted by strict COVID-19 related regulations nationwide, coupled with the temporary closure of RWG for approximately two months during the period.

In the UK and Egypt, revenue from the Group's leisure and hospitality business more than tripled to RM776.5 million. The Group also achieved adjusted EBITDA of RM166.0 million as compared to adjusted LBITDA of RM37.4 million in 1H21. The improvements registered during this period were mainly due to the impact of a resurgence in COVID-19 cases in the UK on the Group's operations in 1H21, which resulted in the temporary closure of the Group's land-based businesses. As the Group had resumed operations since mid-May 2021, the Group had incurred higher payroll and related expenses in 1H22 as compared to 1H21.

In the US and Bahamas, revenue from the Group's leisure and hospitality business grew by 27% to RM775.1 million while adjusted EBITDA was higher by 13% to RM200.9 million. The increase in revenue and adjusted EBITDA was mainly driven by the strong operating performance registered at RWNYC since the full lifting of mandated COVID-19 restrictions in June 2021, coupled with the improved performance of the Group's Hilton Miami Downtown hotel.

Meanwhile, the operating performance of Empire sustained its strong recovery momentum in 1H21, with gross gaming revenue at RW Catskills surpassing pre-pandemic levels in the period.

While uncertainties remain amid the fluidity of the Group's operating environment, the Group remains committed to delivering value and sustainable returns to shareholders. Therefore, the Board of Directors has declared an interim single-tier dividend of 6.0 sen per ordinary share.

Outlook

The global economic environment is expected to remain challenging from continued headwinds posed by geopolitical tensions and reduced macroeconomic support amid high inflation. Whilst set against the backdrop of slowing global growth, economic recovery momentum in Malaysia is expected to persist, supported by domestic demand.

The recovery in international travel demand is expected to continue alongside the easing or removal of travel restrictions and reopening of markets. However, concerns of a weakening global economy may delay its recovery trajectory.

The Group is cautiously optimistic on the near-term outlook of the leisure and hospitality industry but remains positive in the longer-term.

In Malaysia, the Group will continue to optimise yield contributions by focusing on key business segments and database marketing efforts. Following the lifting of COVID-19 restrictions nationwide and the reopening of national borders, the Group will continue to ramp up operations and capitalise on demand for integrated resort offerings. In addition, the Group will leverage its assets to attract foreign and domestic visitations to RWG to drive revenue growth. Up to three additional rides at Genting SkyWorlds are expected to be commissioned within the fourth quarter of 2022. Investments in targeted events and promotions will also be made to drive leisure traffic at RWG.

In the UK, the Group remains vigilant of the challenges implicit in the current operating environment. Nevertheless, business has continued to recover well, and the Group will keep focusing on strategies to grow its market share in both the core and London segments. These include exploring opportunities to add capacity to the Group's existing offerings to strengthen the resilience of the Group's business. At the same time, emphasis will be placed on improving overall business efficiencies and optimising costs to enhance the Group's operational agility as the Group sustains its recovery momentum.

In the US, the Group remains focused on leveraging synergies between RWNYC and RW Catskills to reinforce its strong local market exposure and maintain its position as the leading gaming operator in the northeast US region. As the Group continues to ramp up operations at RWNYC, the Group will keep driving business volumes through increased direct marketing efforts and promotions. Meanwhile, the development of the Group's new video gaming facility in New York, Resorts World Hudson Valley, is well underway and is targeted to open by the end of the year. In the Bahamas, the further relaxation of COVID-19 related restrictions are expected to boost travel demand into the country. The Group will focus efforts towards capitalising on this pent-up demand by enhancing cross-marketing initiatives, in addition to leveraging partnerships with renowned brands to drive higher visitation to Resorts World Bimini.
