Part I: Compliance with Malaysian Financial Reporting Standard ("MFRS") 134 "Interim Financial Reporting"

a) Accounting Policies, Presentation and Methods of Computation

The interim financial report is unaudited and has been prepared in accordance with MFRS 134 "Interim Financial Reporting" and paragraph 9.22 of Bursa Malaysia Securities Berhad ("Bursa Securities") Listing Requirements.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2025. The material accounting policies, presentation and methods of computation adopted for the interim financial report are consistent with those adopted for the annual audited financial statements for the financial year ended 31 December 2025 except for the adoption of amendments to published standards for the Group for the financial year beginning 1 January 2026:

- Amendments to MFRS 9 and MFRS 7 on *Amendments to the Classification and Measurement of Financial Instruments*
- Amendments to MFRS 9 and MFRS 7 on *Contracts Referencing Nature-dependent Electricity*
- Annual Improvements to MFRS Accounting Standards for enhanced consistency

The adoption of these amendments to published standards did not have any material impact on the interim financial report of the Group.

b) Seasonal or Cyclical Factors

The business operations of the Group's leisure and hospitality division are subject to seasonal fluctuations. The results are affected by major festive seasons and holidays.

c) Unusual Items Affecting Assets, Liabilities, Equity, Net Income or Cash Flows

There were no unusual items affecting the assets, liabilities, equity, net income or cash flows of the Group for the nine months ended 30 September 2026.

d) Material Changes in Estimates

There were no material changes in estimates of amounts reported in prior financial years.

e) Changes in Debt and Equity Securities

(1) During the quarter ended 31 March 2026, Genting New York LLC ("GENNY") had drawn USD755.0 million (equivalent to RM3,055.5 million) under its Senior Secured Credit Facility to fund the commercial casino licence fee and capital expenditure of Resorts World New York City ("RWNYC").

In June 2026, Genting Americas Inc. ("GAI") entered into a new USD2.0 billion Secured Credit Facility to refinance GENNY's existing Senior Secured Credit Facility above, redeem Empire Resorts, Inc.'s ("Empire") USD300.0 million 7.75% Senior Secured Notes ("Empire Notes"), and support the development and operation of a commercial casino at RWNYC.

On 2 July 2026, Empire fully redeemed the Empire Notes using proceeds from GAI's new USD2.0 billion Secured Credit Facility above.

GENNY, GAI and Empire are indirect wholly-owned subsidiaries of the Company.

e) Changes in Debt and Equity Securities (Cont'd)

(2) On 17 September 2026, the Company has acquired 0.2 million ordinary shares from the open market for a cash consideration of RM0.3 million. The share buy-back was made pursuant to the approval obtained from the Company's shareholders at the Company's Annual General Meeting held on 10 June 2026. The repurchased shares are held as treasury shares in accordance with the requirements of Section 127(4) of the Companies Act 2016.

Other than the above, there were no other material issuance, cancellation, repurchase, resale or repayments of debts or equity securities for the nine months ended 30 September 2026.

f) Dividend Paid

Dividend paid during the nine months ended 30 September 2026 is as follows:

	RM'Mil
Final single-tier dividend for the financial year ended 31 December 2025 paid on 10 April 2026 - 7.0 sen per ordinary share	396.7

g) Segment Information

The segments are reported in a manner that is consistent with the internal reporting provided to the chief operating decision maker. The performance of the operating segments is based on a measure of adjusted earnings before interest, tax, depreciation and amortisation ("EBITDA"). This measurement basis excludes the effects of gain or loss on disposal of assets, assets written off, impairment loss or reversal of previously recognised impairment loss, pre-operating expenses and other non-recurring items.

The Group is organised into the following main business segments:

Leisure & Hospitality - this segment comprises integrated resort activities which include gaming, hotels, food and beverages ("F&B"), theme parks, retail, entertainment attractions, tours and travel related services and other supporting services.

Properties - this segment is involved in property developments, property investment and management.

All other immaterial business segments including investment in equities, training services, reinsurance services, utilities services and information technology related services are aggregated and disclosed under "Investments & Others" as they are not of sufficient size to be reported separately.

Segment analysis for the nine months ended 30 September 2026 is set out below:

n) Fair Value of Financial Instruments

The Group uses the following hierarchy for determining the fair value of all financial instruments carried at fair value:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
Level 3: Inputs for the assets or liabilities that are not based on observable market data (that is, unobservable inputs).

As at 30 September 2026, the Group's financial instruments measured and recognised at fair value on a recurring basis are as follows:

	Level 1 RM'Mil	Level 2 RM'Mil	Level 3 RM'Mil	Total RM'Mil
Financial assets				
Financial assets at fair value through profit or loss	1,458.7	-	-	1,458.7
Financial assets at fair value through other comprehensive income	-	-	64.7	64.7
Derivative financial instruments	-	0.1	-	0.1
	1,458.7	0.1	64.7	1,523.5
Financial liability				
Derivative financial instruments	-	88.5	-	88.5

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared with the last financial year ended 31 December 2025.

1) Review of Performance (cont'd)

a) Quarter ended 30 September 2026 ("3Q 2026") compared with quarter ended 30 September 2025 ("3Q 2025")

The Group benefitted from the first full-quarter contribution from the initial phase of full commercial casino operations at RWNYC and reported an increase of 29% in revenue, from RM3,357.8 million in 3Q 2025 to RM4,336.1 million in 3Q 2026. The increase was partially offset by the strengthening of RM against GBP and USD by 5% and 7% respectively.

However, the Group's operating environment continues to be affected by prolonged geopolitical uncertainties in the Middle East, which have weighed on consumer sentiment and discretionary spending. These challenges were further compounded by persistent inflationary cost pressures, resulting in margin compression and adversely affecting business performance. Thus, notwithstanding the higher revenue, the Group reported lower adjusted EBITDA of RM743.1 million in 3Q 2026, a decrease of 11%, as compared with RM838.1 million in 3Q 2025 due to:

1. lower adjusted EBITDA from the leisure and hospitality business in the Malaysia by RM141.0 million, a decrease of 22%, mainly due to the lower business volume in 3Q 2026 coupled with higher operating and payroll costs arising from the renewal of contracted union agreement; and

2. lower adjusted EBITDA from the leisure and hospitality business in the UK and Egypt by RM2.5 million, a decrease of 3%, primarily impacted by ongoing geopolitical tensions in the Middle East, higher payroll costs arising from the increase in national minimum wages, and the adverse translation impact of GBP against RM;

mitigated by:

3. higher adjusted EBITDA from the leisure and hospitality business in the US and Bahamas by RM49.3 million, an increase of 33%, mainly contributed by commercial casino operations at RWNYC. This was partially offset by higher ramp up costs associated with the commercial casino operations at RWNYC.

The Group reported profit before taxation of RM80.2 million in 3Q 2026, a decrease of 69% as compared with RM256.8 million in 3Q 2025, mainly due to:

1. lower adjusted EBITDA as mentioned above;

2. higher redundancy costs by RM11.0 million in 3Q 2026 mainly arising from closure of a casino in the UK;

3. higher depreciation and amortisation by RM24.8 million mainly arising from the increased capital expenditure for commercial casino in RWNYC, along with the effect from adjustments to fair value of certain non financial assets of Genting Empire Resorts LLC ("GERL") Group in 4Q 2025, none in 3Q 2025; and

4. higher finance costs by RM63.9 million in respect of the drawdown from delayed draw term loan facility for the payment of RWNYC's commercial casino licence fee in 1Q 2026 and the transaction costs incurred for the new USD2.0 billion Secured Credit Facility of GAI;

mitigated by:

5. lower pre-operating expenses by RM33.1 million in 3Q 2026 as the pre-operating expenses were incurred prior to the award of the commercial casino licence to RWNYC in December 2025.

1) Review of Performance (cont'd)

b) **Financial period for the nine months ended 30 September 2026 ("YTD Sept 2026") compared with nine months ended 30 September 2025 ("YTD Sept 2025")**

The Group's revenue increased by RM2,184.8 million to RM11,056.3 million in YTD Sept 2026, mainly driven by RWNYC's commercial casino operations, and the full-period contributions from Genting Casino Stratford and consolidation of GERL Group in April 2025 and May 2025 respectively. The increase in revenue was partially offset by the strengthening of RM against GBP and USD by 5% and 7% respectively.

The Group reported lower adjusted EBITDA of RM2,231.8 million in YTD Sept 2026, a decrease of 14%, as compared with RM2,604.9 million in YTD Sept 2025, mainly due to a net unrealised foreign exchange translation loss of RM3.5 million in YTD Sept 2026 as compared with a net unrealised foreign exchange translation gain of RM237.8 million in YTD Sept 2025 from the translation of the Group's USD denominated borrowings. Excluding this impact, the Group's adjusted EBITDA was 6% lower year-on-year mainly due to higher operating and payroll costs amid the challenging operating environment.

The Group's YTD Sept 2026 profit before taxation decreased by RM677.0 million compared to YTD Sept 2025, mainly due to:

1. lower adjusted EBITDA as mentioned above;

2. higher depreciation and amortisation by RM103.4 million mainly arising from the increased capital expenditure for commercial casino in RWNYC, along with the full-period effect from adjustments to fair value of certain non-financial assets of GERL Group in 4Q 2025, none in YTD Sept 2025;

3. higher finance costs by RM211.4 million mainly in respect of the drawdown from delayed draw term loan facility for the payment of RWNYC's commercial casino licence fee in 1Q 2026 and the transaction costs incurred for the new USD2.0 billion Secured Credit Facility of GAI. The finance costs for Senior Secured Notes of GERL Group was consolidated effective from June 2025, with full-period effect in YTD Sept 2026; and

4. recognition of a gain on disposal of asset held for sale at RM77.1 million in YTD Sept 2025, none in YTD Sept 2026;

offset by:

5. lower share of losses in associates and a joint venture by RM99.8 million.

2) Material Changes in Profit before Taxation for the Current Quarter ("3Q 2026") compared with Profit before Taxation in Immediate Preceding Quarter ("2Q 2026")

The Group reported lower profit before taxation of RM80.2 million in 3Q 2026, a decrease of 44%, as compared with RM143.8 million in 2Q 2026, despite a lower net unrealised foreign exchange translation loss of RM0.1 million in 3Q 2026 compared with RM18.1 million in 2Q 2026 from the translation of the Group's USD denominated borrowings. Excluding this impact, the Group's profit before taxation would have been RM80.3 million in 3Q 2026 compared with RM161.9 million in 2Q 2026 mainly due to:

1. lower adjusted EBITDA from leisure and hospitality business by RM129.7 million in 3Q 2026; and

2. higher depreciation and amortisation by RM13.3 million mainly arising from the increased capital expenditure for commercial casino in RWNYC;

offset by:

3. higher pre-operating expenses by RM58.4 million in 2Q 2026 arising from ramp-up costs incurred to enable smooth transition of RWNYC to a commercial casino.

3) Prospects

The global economy has remained resilient, despite prolonged geopolitical tensions in the Middle East, although growth has varied across regions amid a more challenging macroeconomic environment. In view of this, the Group remains cautious about its near-term prospects and will continue to monitor developments in Malaysia and major economies such as the US, while assessing their potential implications on operations.

In Malaysia, the Group continues to adopt a cautious approach, given that the tourism outlook remains subject to elevated travel costs, geopolitical uncertainties and moderating consumer spending. Key focus areas include maintaining cost and operational discipline amid sustained labour, utility and fuel cost pressures, while optimising yields and selectively enhancing Resorts World Genting's offerings. At the same time, the Group continues to position its Malaysian operations to capitalise on potential growth in domestic and regional visitation, supported by Visit Malaysia initiatives.

In the UK and Egypt, the Group continues to take measured steps to strengthen operational resilience and support its long-term positioning. The Group will continue to manage the portfolio in response to market demand, with a focus on cost optimisation and the ongoing refinement of customer offerings, while advancing key growth initiatives.

In the US, priorities will centre on the rollout of RWNYC's premium gaming segment and driving revenue growth from its full commercial casino operations. Amid sustained inflationary pressures, the Group will continue to improve operational efficiency and exercise disciplined cost management as it progresses the phased development of the full-scale integrated resort. In parallel, operational and marketing synergies between RWNYC and Resorts World Catskills are expected to continue supporting the development and long-term growth of the Group's New York operations.

In the Bahamas, the Group is working to grow cruise-led visitation to Resorts World Bimini maintaining its focus on targeted marketing, cost management and partnerships with international cruise operators. The Group is also developing partnerships with third party travel platforms to drive and extend hotel visitation.

4) Variance of Actual Profit from Forecast Profit

The Group did not issue any profit forecast or profit guarantee for the financial year.

5) Taxation

Taxation charges for the current quarter and nine months ended 30 September 2026 are as follows:

	Current quarter ended 30 September 2026 RM'Mil	Nine months ended 30 September 2026 RM'Mil
Current taxation		
Malaysian income tax charge	69.7	232.9
Foreign income tax charge	4.8	13.2
	74.5	246.1
Deferred tax (credit)/charge	(11.5)	10.6
	63.0	256.7
Prior period taxation		
Income tax over provided	(0.8)	(9.4)
	62.2	247.3

The effective tax rate of the Group for the current quarter and nine months ended 30 September 2026 is higher than the statutory tax rate mainly due to non-deductible expenses, current year tax losses and deductible temporary differences which the deferred tax assets cannot be recognised, partially offset by non-taxable income.

6) Status of Corporate Proposals Announced

There were no corporate proposals announced but not completed as at 19 November 2026.

7) Group Borrowings

The details of the Group's borrowings as at 30 September 2026 are as set out below:

8) Outstanding Derivatives

As at 30 September 2026, the values and maturity analysis of the outstanding derivatives of the Group are as follows:

Types of Derivative	**Contract/ Notional Value RM'Mil**	**Fair Value Assets/(Liabilities) RM'Mil**
Foreign Currency Exchange Forward		
USD		
- Less than one year	14.2	0.1
Cross-currency interest rate swaps		
USD		
- More than five years	1,798.6	(88.5)

Other than the above, there is no significant change for the financial derivatives in respect of the following since the last financial year ended 31 December 2025:

(a) the credit risk, market risk and liquidity risk associated with these financial derivatives;

(b) the cash requirements of the financial derivatives; and

(c) the policy in place for mitigating or controlling the risks associated with these financial derivatives.

9) Fair Value Changes of Financial Liabilities

As at 30 September 2026, the Group does not have any financial liabilities measured at fair value through profit or loss.

10) Changes in Material Litigation

Genting Americas Inc. ("Defendant" or "GAI"), an indirect wholly-owned subsidiary of the Company which is an investment holding company incorporated in Delaware, United States ("US"), has been named in a complaint ("Complaint") filed by RAV Bahamas Ltd ("Plaintiff" or "RAV") on 7 October 2024 (US Eastern date/time) before the US District Court Southern District of Florida ("US Court") and served on GAI on 11 October 2024 (US Eastern date/time), which involves the operations of RW Bimini in Bahamas, for which RAV is seeking for damages in excess of USD600 million.

RW Bimini is owned and operated by BB Entertainment Ltd ("BBEL"), in which the Company indirectly holds 78% interest whilst RAV holds the remaining 22% interest. GAI is a related company of BBEL.

On 22 November 2024 (US Eastern date/time), GAI filed a motion to dismiss the Complaint filed by RAV in the US Court. GAI sought dismissal of the Complaint on multiple grounds, including that this was a shareholder dispute which should be dealt with pursuant to the Shareholders' Agreement between the shareholders of BBEL in a forum other than the US Court; the claims were time-barred; and the Complaint failed to adequately allege facts to show that the required elements for each claim had been met.

On 8 May 2025, the parties attended a mediation session with the selected mediator in an attempt to negotiate a mutually agreeable solution to the dispute pursuant to US Court Local Rule 16.2 [LR 16.2(d)]. The parties were not able to reach a resolution to the Complaint.

On 1 July 2025 (US Eastern date/time), the US Court granted GAI's motion to dismiss RAV's Complaint in its current form and gave RAV one last opportunity to amend its Complaint before the final decision on dismissal of the lawsuit. The US Court's decision reinforced GAI's position that the Complaint is baseless and without merit.

RAV filed its amended complaint ("Amended Complaint") on 29 July 2025 and sought to bring its claims derivatively on behalf of BBEL as a nominal party. Further claims which relate to GAI's business conduct were raised; a tactic used to keep the case within the jurisdiction of the Federal court. GAI categorically rejects all the claims in their entirety.

GAI had on 12 September 2025 (US Eastern date/time) filed a motion to dismiss the Amended Complaint filed by RAV on 29 July 2025. The Amended Complaint repeats the previous allegations and does not introduce any new material factual elements.

The Group maintains its position that RAV's allegations are baseless and without merit and will continue to strenuously defend against these claims.

Other than the above, there are no other pending material litigations as at 19 November 2026.

11) Dividend Proposed or Declared

No dividend has been proposed or declared for the nine months ended 30 September 2026.

There was no interim single-tier dividend declared and paid for the previous year's corresponding period.

13) Earnings per share

(a) The earnings used as the numerator in calculating basic and diluted earnings per share for the current quarter and nine months ended 30 September 2026 are as follows:

	Current quarter ended 30 September 2026 RM'Mil	Current financial year-to-date ended 30 September 2026 RM'Mil
Earnings for the financial period attributable to equity holders of the Company (used as numerator for the computation of basic and diluted earnings per share)	40.6	84.2

(b) The weighted average number of ordinary shares used as the denominator in calculating basic and diluted earnings per share for the current quarter and nine months ended 30 September 2026 are as follows:

	Current quarter ended 30 September 2026 Number of Shares ('Mil)	Current financial year-to-date ended 30 September 2026 Number of Shares ('Mil)
Weighted average number of ordinary shares in issue* (used as denominator for the computation of basic and diluted earnings per share)	5,667.7	5,667.7

* *The weighted average number of ordinary shares in issue during the current quarter and nine months ended 30 September 2026 excludes the weighted average treasury shares held by the Company.*

14) Disclosure of Audit Report Qualification and Status of Matters Raised

The audit report of the Group's annual financial statements for the financial year ended 31 December 2025 was not qualified.

15) Approval of Interim Condensed Financial Statements

The interim condensed financial statements have been approved for issue in accordance with a resolution of the Board of Directors on 26 November 2026.

- **Group records first full-quarter contribution from the initial phase of its commercial casino operations at Resorts World New York City ("RWNYC")**

- **Group remains focused on operational discipline and prudent capital management amid a challenging operating environment.**

KUALA LUMPUR, 26 November 2026 – Genting Malaysia Berhad and its group of companies ("Group") today announced its financial results for the third quarter ("3Q26") and nine months ended 30 September 2026 ("9M26").

3Q26 Results

The Group's operating environment continues to be affected by prolonged geopolitical uncertainties in the Middle East, which have weighed on consumer sentiment and discretionary spending. These challenges were further compounded by persistent inflationary cost pressures, resulting in margin compression and adversely affecting business performance.

The Group benefitted from the first full-quarter contribution from the initial phase of its commercial casino operations at RWNYC and reported an increase of 29% in revenue from RM3,357.8 million in the third quarter of 2025 ("3Q25") to RM4,336.1 million in 3Q26. The increase was partially offset by the strengthening of RM against GBP and USD by 5% and 7% respectively.

Despite the higher Group revenue, the Group reported lower adjusted earnings before interest, tax, depreciation and amortisation ("EBITDA") of RM743.1 million, a decrease of 11% compared to 3Q25 due to higher overall operating and payroll costs. RWNYC also incurred higher ramp-up costs as it continues to add gaming capacity during the quarter.

The Group reported a profit before taxation ("PBT") of RM80.2 million in 3Q26, a 69% decrease against RM256.8 million in 3Q25. The decrease was primarily attributable to the lower adjusted EBITDA, higher depreciation and amortisation from increased capital expenditure and higher financing costs to support the development of RWNYC's commercial casino operations.

In Malaysia, the leisure and hospitality ("L&H") business recorded a RM486.4 million adjusted EBITDA, a decrease of 22% compared to 3Q25. This was a result of lower business volumes in 3Q26, as well as higher operating and payroll costs from the renewal of its contracted union agreement.

The L&H business segment for the United Kingdom ("UK") and Egypt recorded a 3% decline in adjusted EBITDA to RM83.8 million due to the impact of geopolitical tensions in the Middle East, higher payroll costs arising from the increase in national minimum wages, and the adverse translation impact of GBP against RM.

Meanwhile, the United States of America ("US") and Bahamas recorded a significantly higher adjusted EBITDA of RM200.5 million in the L&H business, an improvement of 33% against 3Q25. The main driver behind the increase was the first full-quarter revenue contribution from commercial casino operations at RWNYC, partially offset by higher ramp up costs associated with the commercial casino.

9M26 Results

The Group's revenue increased by 25% to RM11,056.3 million compared to the same period last year ("9M25"), primarily driven by RWNYC's commercial casino operations and the full nine-month contribution from Genting Casino Stratford and the Empire Resorts, Inc. and its subsidiaries in 9M26, whereas contributions in 9M25 were recognised only from April 2025 and May 2025 onwards, respectively. The increase in revenue was partially offset by the strengthening of RM against GBP and USD by 5% and 7% respectively.

The Group recorded adjusted EBITDA of RM2,231.8 million, representing a 14% decrease against 9M25. This was attributable to a net unrealised foreign exchange ("FOREX") translation loss of RM3.5 million in 9M26, compared with a net unrealised FOREX translation gain of RM237.8 million in 9M25, arising from the translation of the Group's USD-denominated borrowings. Excluding this impact, the Group's adjusted EBITDA was 6% lower year-on-year mainly due to higher operating and payroll costs amid the challenging operating environment.

The Group reported a PBT of RM267.1 million compared with RM944.1 million for the 9M25 period arising from higher financing costs, higher depreciation and amortisation, as well as the absence of a RM77.1 million asset disposal gain recorded during the 9M25 period.

Outlook

The global economy has remained resilient, despite prolonged geopolitical tensions in the Middle East, although growth has varied across regions amid a more challenging macroeconomic environment. In view of this, the Group remains cautious about its near-term prospects and will continue to monitor developments in Malaysia and major economies such as the US, while assessing their potential implications on operations.

In Malaysia, the Group continues to adopt a cautious approach, given that the tourism outlook remains subject to elevated travel costs, geopolitical uncertainties and moderating consumer spending. Key focus areas include maintaining cost and operational discipline amid sustained labour, utility and fuel cost pressures, while optimising yields and selectively enhancing Resorts World Genting's offerings. At the same time, the Group continues to position its Malaysian operations to capitalise on potential growth in domestic and regional visitation, supported by Visit Malaysia initiatives.

In the UK and Egypt, the Group continues to take measured steps to strengthen operational resilience and support its long-term positioning. The Group will continue to manage the portfolio in response to market demand, with a focus on cost optimisation and the ongoing refinement of customer offerings, while advancing key growth initiatives.

In the US, priorities will centre on the rollout of RWNYC's premium gaming segment and driving revenue growth from its full commercial casino operations. Amid sustained inflationary pressures, the Group will continue to improve operational efficiency and exercise disciplined cost management as it progresses the phased development of the full-scale integrated resort. In parallel, operational and marketing synergies between RWNYC and Resorts World Catskills are expected to continue supporting the development and long-term growth of the Group's New York operations.

In the Bahamas, the Group is working to grow cruise-led visitation to Resorts World Bimini maintaining its focus on targeted marketing, cost management and partnerships with international cruise operators. The Group is also developing partnerships with third party travel platforms to drive and extend hotel visitation.

About Genting Malaysia Berhad

Genting Malaysia is one of the leading leisure and hospitality corporations in the world. Listed on Bursa Malaysia with approximately RM6.5 billion in market capitalisation, Genting Malaysia owns and operates major resort properties including Resorts World Genting ("RWG") in Malaysia; Resorts World New York City ("RWNYC"), Resorts World Catskills ("RW Catskills") and Resorts World Hudson Valley ("RW Hudson Valley") in the United States ("US"); Resorts World Bimini ("RW Bimini") in the Bahamas; Resorts World Birmingham ("RW Birmingham") and over 30 casinos in the United Kingdom ("UK"); and Crockfords Cairo in Egypt. Genting Malaysia also owns and operates two seaside resorts in Malaysia, namely Resorts World Kijal in Terengganu and Resorts World Langkawi on Langkawi island.

With about 10,500 rooms across seven distinct hotels, RWG is Malaysia's premier integrated resort destination. The resort also features wide-ranging leisure and entertainment facilities, including gaming, theme park and amusement attractions, dining and retail outlets, as well as international shows and business convention facilities. Nestled amidst the mid-hills, Resorts World Awana complements this extensive premium experience with its natural greenery, mountainous golf course, trekking trails, and proximity to key attractions. Moreover, Genting Highlands Premium Outlets (a joint venture between Genting Plantations Berhad and Simon Property Group), further enriches RWG's diverse offerings, solidifying its status as a leading leisure and entertainment hub in the region.

In the UK, Genting Malaysia owns and operates over 30 casinos, making it one of the largest leisure and entertainment businesses in the country. The Group also operates RW Birmingham, the first integrated leisure complex of its kind in the UK, offering gaming and entertainment facilities, retail and dining outlets and a 182-room four-star hotel. In the Middle East, Crockfords Cairo, an exclusive casino nestled within the posh surroundings of The Nile Ritz-Carlton Hotel in Cairo, is the Group's first venture into the region.

In the US, Genting Malaysia operates RWNYC, New York City's first full-scale commercial casino. The property is currently undergoing a transformation into an integrated resort development expected to feature 6,000 slot machines, 800 gaming tables, nearly 2,000 hotel rooms, as well as expanded entertainment and dining offerings. Genting Malaysia also owns and operates RW Catskills and RW Hudson Valley in New York State. RW Catskills, which offers an enticing all-season entertainment experience, features live table games, sports betting, video gaming machines ("VGMs"), over 400 rooms across two hotels, varied bar and restaurant experiences, as well as multi-purpose venues and conference spaces, while RW Hudson Valley is a 60,000 sqft gaming and entertainment venue featuring 1,200 slots and VGMs. In Miami, the Group owns the 527-room Hilton Miami Downtown partially situated on 30 acres of prime freehold waterfront land.

In the Bahamas, Genting Malaysia operates RW Bimini, which features a casino, a hotel, restaurants and bars, various resort amenities, the RW Bimini Cruise Port, as well as the largest yacht and marina complex on the island surrounded by turquoise waters and white-sand beaches.

Genting Malaysia is a member of the Genting Group, one of Asia's leading and best-managed multinational companies. The Genting Group is led by Tan Sri Lim Kok Thay, a visionary entrepreneur who has successfully established the Resorts World brand as a leader in the leisure and hospitality sector in Malaysia, Singapore, the US, the Bahamas and the UK. Tan Sri Lim Kok Thay also has significant investments in other industries globally including oil palm plantations, property development, power generation, oil and gas, cruise and biotechnology.
